Dear Mr. Foulkes,

RE: Proposal For Structural Engineering – IMAX Project

1. Introduction

Having reviewed the preliminary architectural drawings for the proposed IMAX complex, we are pleased to offer our services to carry out the structural engineering design and preparation of the working drawings. It is our understanding that the complex is approximately 78,000 sqft in area.

2. Scope of Service

Our services will include the design and preparation of the following structural drawings and specifications for the proposed buildings:-

- Foundation Plan and Details
- Steel Framing & Shop Drawing Review
- Roof Framing
- Details & Sections

On-site inspection of structural elements designed by ourselves is required and is included in our scope of services.

3. Cost of Services

Our cost for the design services will be as follows:-

- Design and Preparation of Structural Drawings @ +/- 78,000sqft \$120,000.00
=====
- On-Site Inspections during construction and reports \$120/hr

Expenses associated with printing, telephone etc. will be invoiced at cost.
