PROPOSAL FOR CONSULTING & SERVICES FOR ATAVUS PROJECT, NASSAU
BAHAMAS.

Design of Theater Technical Systems:

MTE proposes to consult with Atavus on the design of its state of the art digital cinema project, based upon client's requirements, specifications, and drawings provided.

MTE Proposes to provide engineering, layouts, and CAD drawings for the following:

Projection Equipment
Sound Equipment
Screens, Frames, Moveable Masking
Speaker Systems
Control - LMS/TMS Systems

Drawings will contain detailed specification, mechanical, and electrical for all items including wire sizes, pipe sizes, current and voltage requirements, schematics, and technical specifications.

MTE will consult with the general contractor and sub-contractors designated by Atavus, as well as the manufacturers of the equipment required for projection & sound, to insure that the correct items are specified and integrated for each application.

MTE will consult with the clients to verify, to the best of MTE's ability, that all existing general designs and specifications conform to best standards and practices.

MTE will provide an equipment recommendation list detailing projection, sound. TMS, Seating Systems, Ticketing POS, Control, Aisle lighting, Carpeting, Box-office, Crowd Control, Signage, Display devices, Poster & Display Systems (signage), Management training, Technical training.

MTE will provide assistance and recommendations for the design, layouts, and sourcing for theater seating in 5 standard theaters, two VIP, and one IMAX theater.
