X5
Aesthetically Functional

SLABB X5

Description:

The Slabb X5 kiosk is a smart blend of stainless steel, simplicity, elegance, function and aesthetics. Its rugged indoor design allows it to be placed in most public indoor access areas.

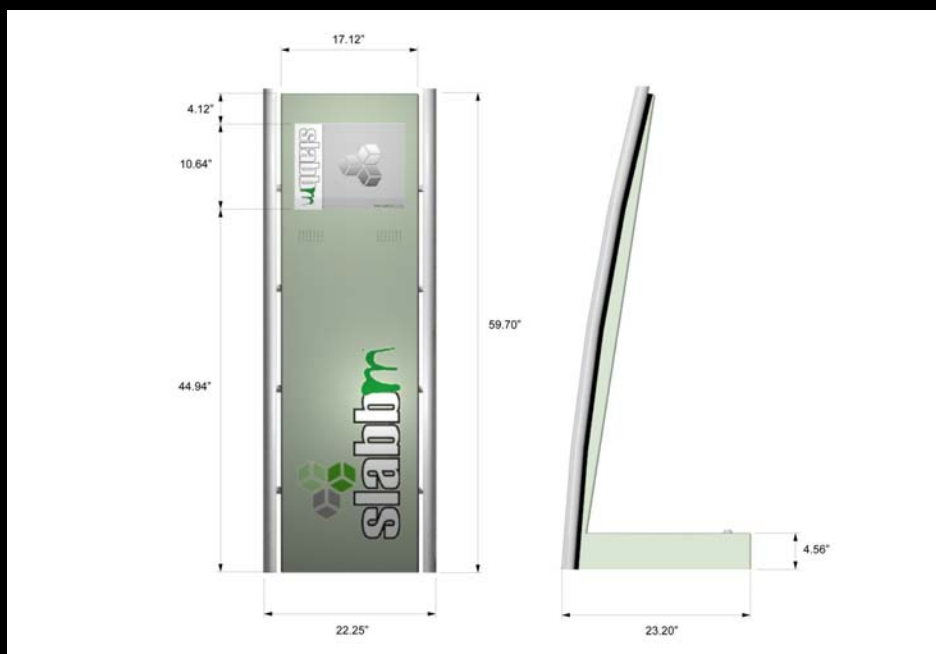

A wide range of components are available to provide customized functionality, including credit card readers, touch screens, keyboard & trackball and a wide variety of printers.

Display options for the lower or standard screen include a 19", 22", 26" or 32" LCD (vertical or horizontal), with or without a touch screen.

An optional 19", 22", 26" or 32" overhead LCD monitor is the perfect advertising opportunity and can be used to create an eye-catching experience for kiosk users or passersby within close proximity to kiosk.
